## Constellation Bracelets

**Ref: 020 DB/DE/ST 1448 431; 020 DB/DE/ST 6104 465**

### HISTORY

#### Version 1 (DB/DD/ST)

**1982**

- Soldered hinges.
- Link-fixing: spring bar.

#### Version 2A (DB/DD)

**1986**

- Stretched profile.
- Link-fixing: split pin.

#### Version 2B (ST)

**1986**

- Stretched profile.
- Link-fixing: pin with tube.

#### Version 3 (DB/DE/ST)

**1989**

- Stretched profile, soldered lips.
- Link-fixing: split-pin.

### INTRODUCTION OF THE VERSIONS

**020 DB/DE/ST 1448 431 + 020 DB/DE/ST 6104 465**

#### **Design**

Identical to version 3.

#### **Improvement**

More solid with the stretched hinges and lips soldered using a new industrial technology.

#### **Advantage**

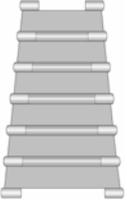

Measurable improvement in the resistance to distortion.

## INTERCHANGEABILITY

All parts refer to the 3rd version.

### New

Bracelet lengths consisting of 6 links of decreasing size are now available as a spare part.

Bracelet lengths		Bracelet links	
119 DB/DE/ST 1448 431		114 DB/DE/ST 1448	
119 DB/DE 6104 465		114 DB/DE/ST 6104	
119 ST 6504			

*Please indicate which part you need.*

### Advantage

The reparability of the bracelet is extended to cover all links.

### Effect

Fewer complete bracelet replacements and a reduction of repair costs.
